1. 0 Risk Management Disclosures

Taking risk is core in the business of Banking. In carrying out its core business, the Bank analyses, evaluates and assumes positions of taking calculated risks. The Banks aim is therefore to achieve an appropriate balance between risk and return and minimize potential adverse effects on its financial performance. The most significant risks faced by the Bank include:

- Credit Risk
- · Liquidity Risk and
- Market Risk (i.e. risks related to mainly currency trading and interest rate risk)

1.1 Risk Management Framework

The Board of Directors have overall responsibility for the establishment and oversight of the Banks risk management framework. The Board has established a Risk and Compliance Committee for the management of risk in the Bank. The arm of the committee within management is the Risk Management Department which assists it in the discharge of this responsibility. The Banks risk management policies are established to identify and analyse the risks faced by the Bank; to set appropriate risk limits and controls; and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions, products and services offered.

Through the compliance department, the Bank ensures it complies with all prudential and regulatory guidelines in the pursuit of profitable Banking opportunities while avoiding excessive, unnecessary and uncontrollable risk exposures. Risk being an inherent feature in the business of the banking, various mitigating measures are put in place to better manage it.

All risk management policies are formulated at the board level through the Board Committee of Risk and Compliance. The Bank, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment, in which all employees appreciate their roles and obligations.
